

# **Software Architecture**

**Presentation Day**

**Arie van Deursen and Casper Boone**

# Procedure

For each team:

- Everyone watches the 5 - 10 minute video presentation
- 10 minute Q&A moderated by the team

# Q&A sessions

- Participants ask questions via chat
  - If the question is difficult, request to ask via voice in the chat
  - Participants can acknowledge via the chat that an answer is OK, or if they have follow up questions.
- Presenters will answer via the voice channel
- Each team has one moderator who distributes questions among the team members
  - Please let each team member (including the moderator) speak a similar amount of time

# Participate!

- Ask questions during the Q&A sessions
- Fill out the survey for each presentation to give feedback to the presenters  
*Link is in the channel header*
- You get a minute to finalize your evaluation form at the end

## Software Architecture Presentation Feedback

Through this survey, IN4315 students can give feedback to videos and Q&A by other teams.

\* Required

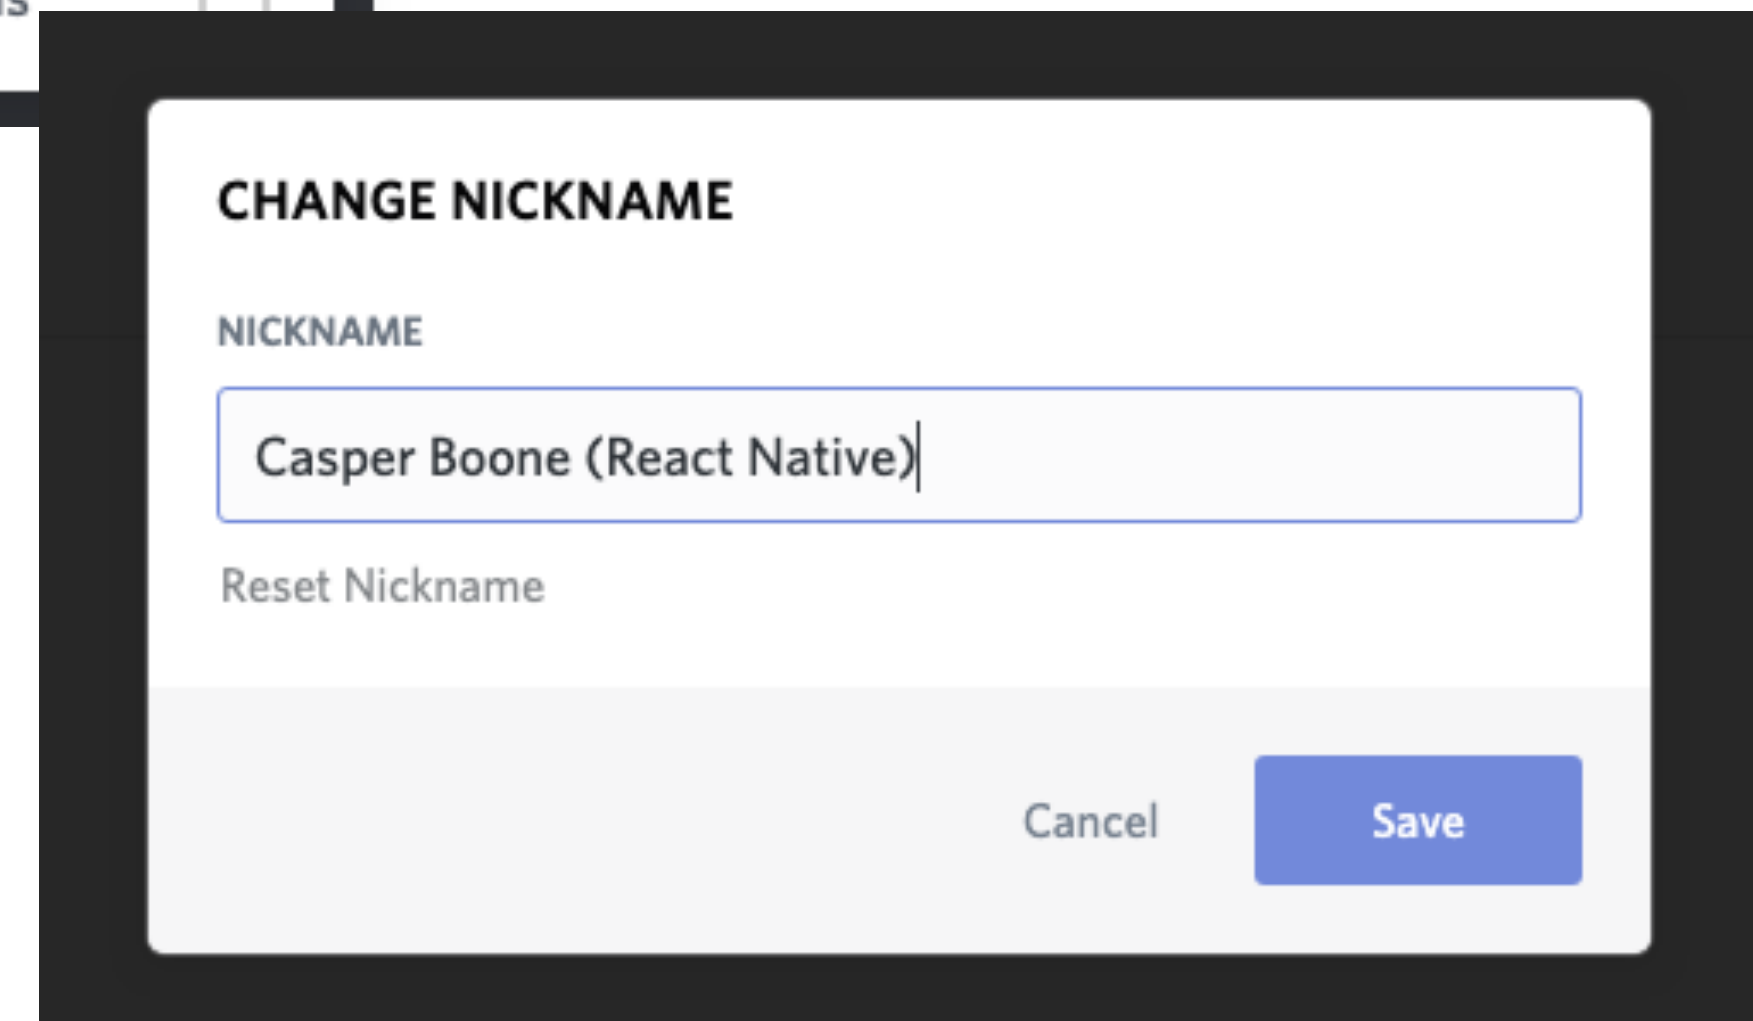

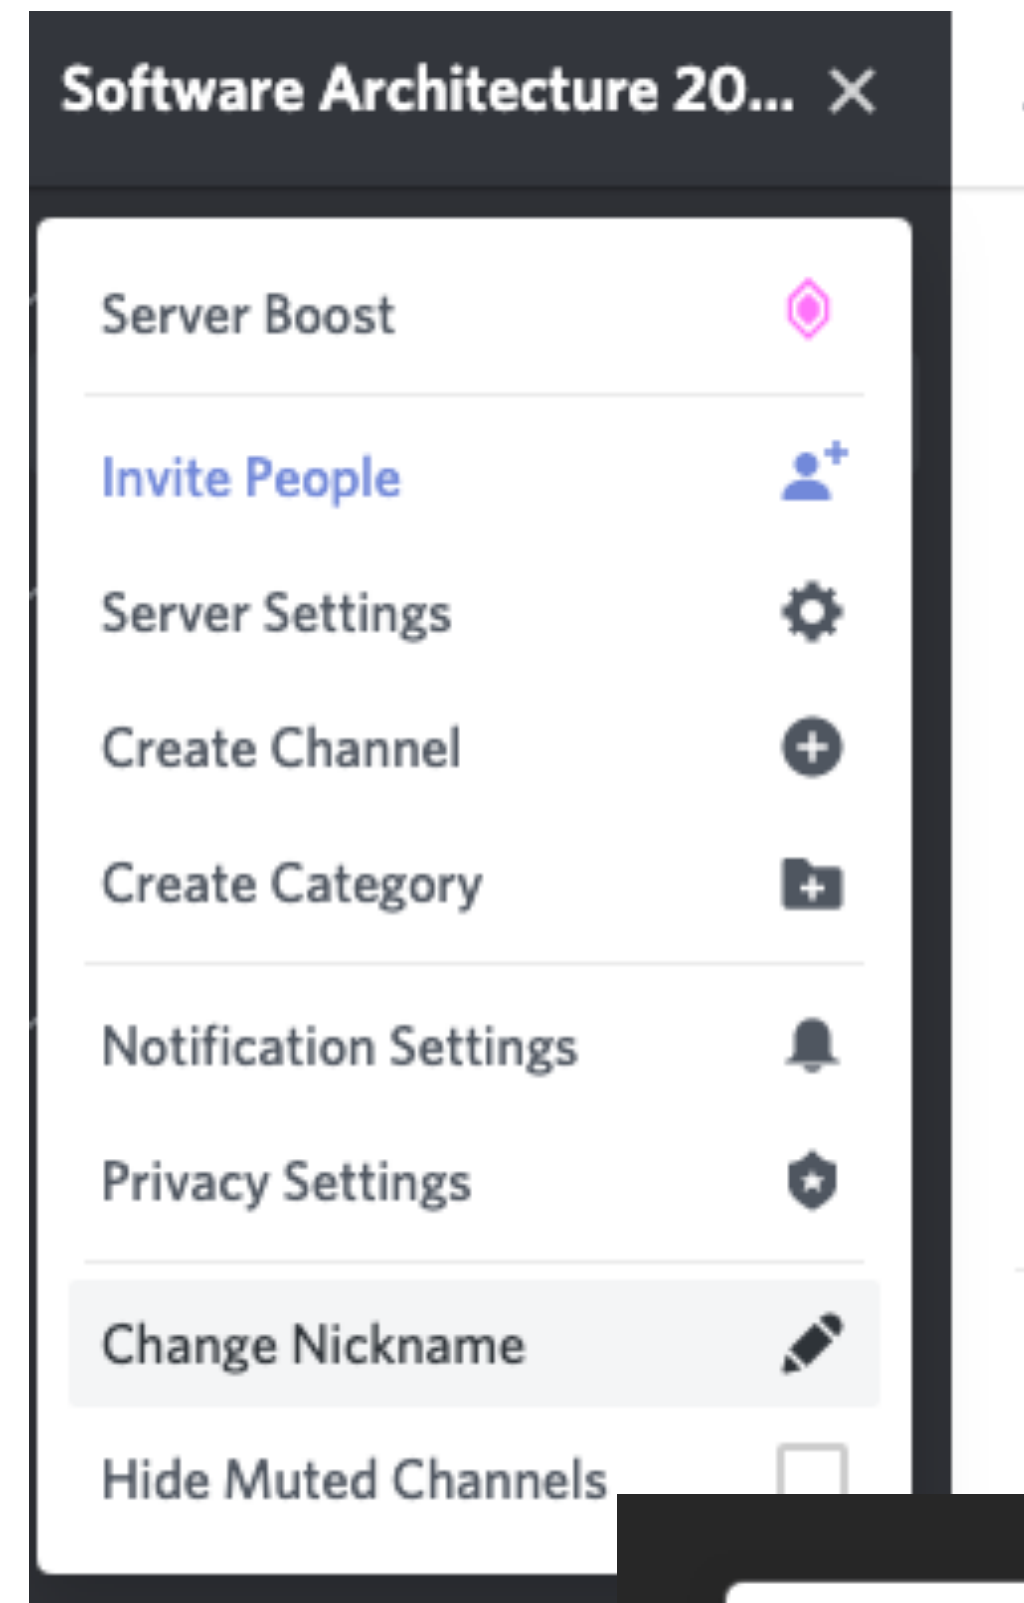

Your first name\*

Your last name\*

Your student number\*

# Discord nickname

- Please set your nickname to Real Name (Project Name) so we know who you are
- For example:  
Arie van Deursen (JPacman)  
Casper Boone (React Native)
- Can be changed via the menu on the top left

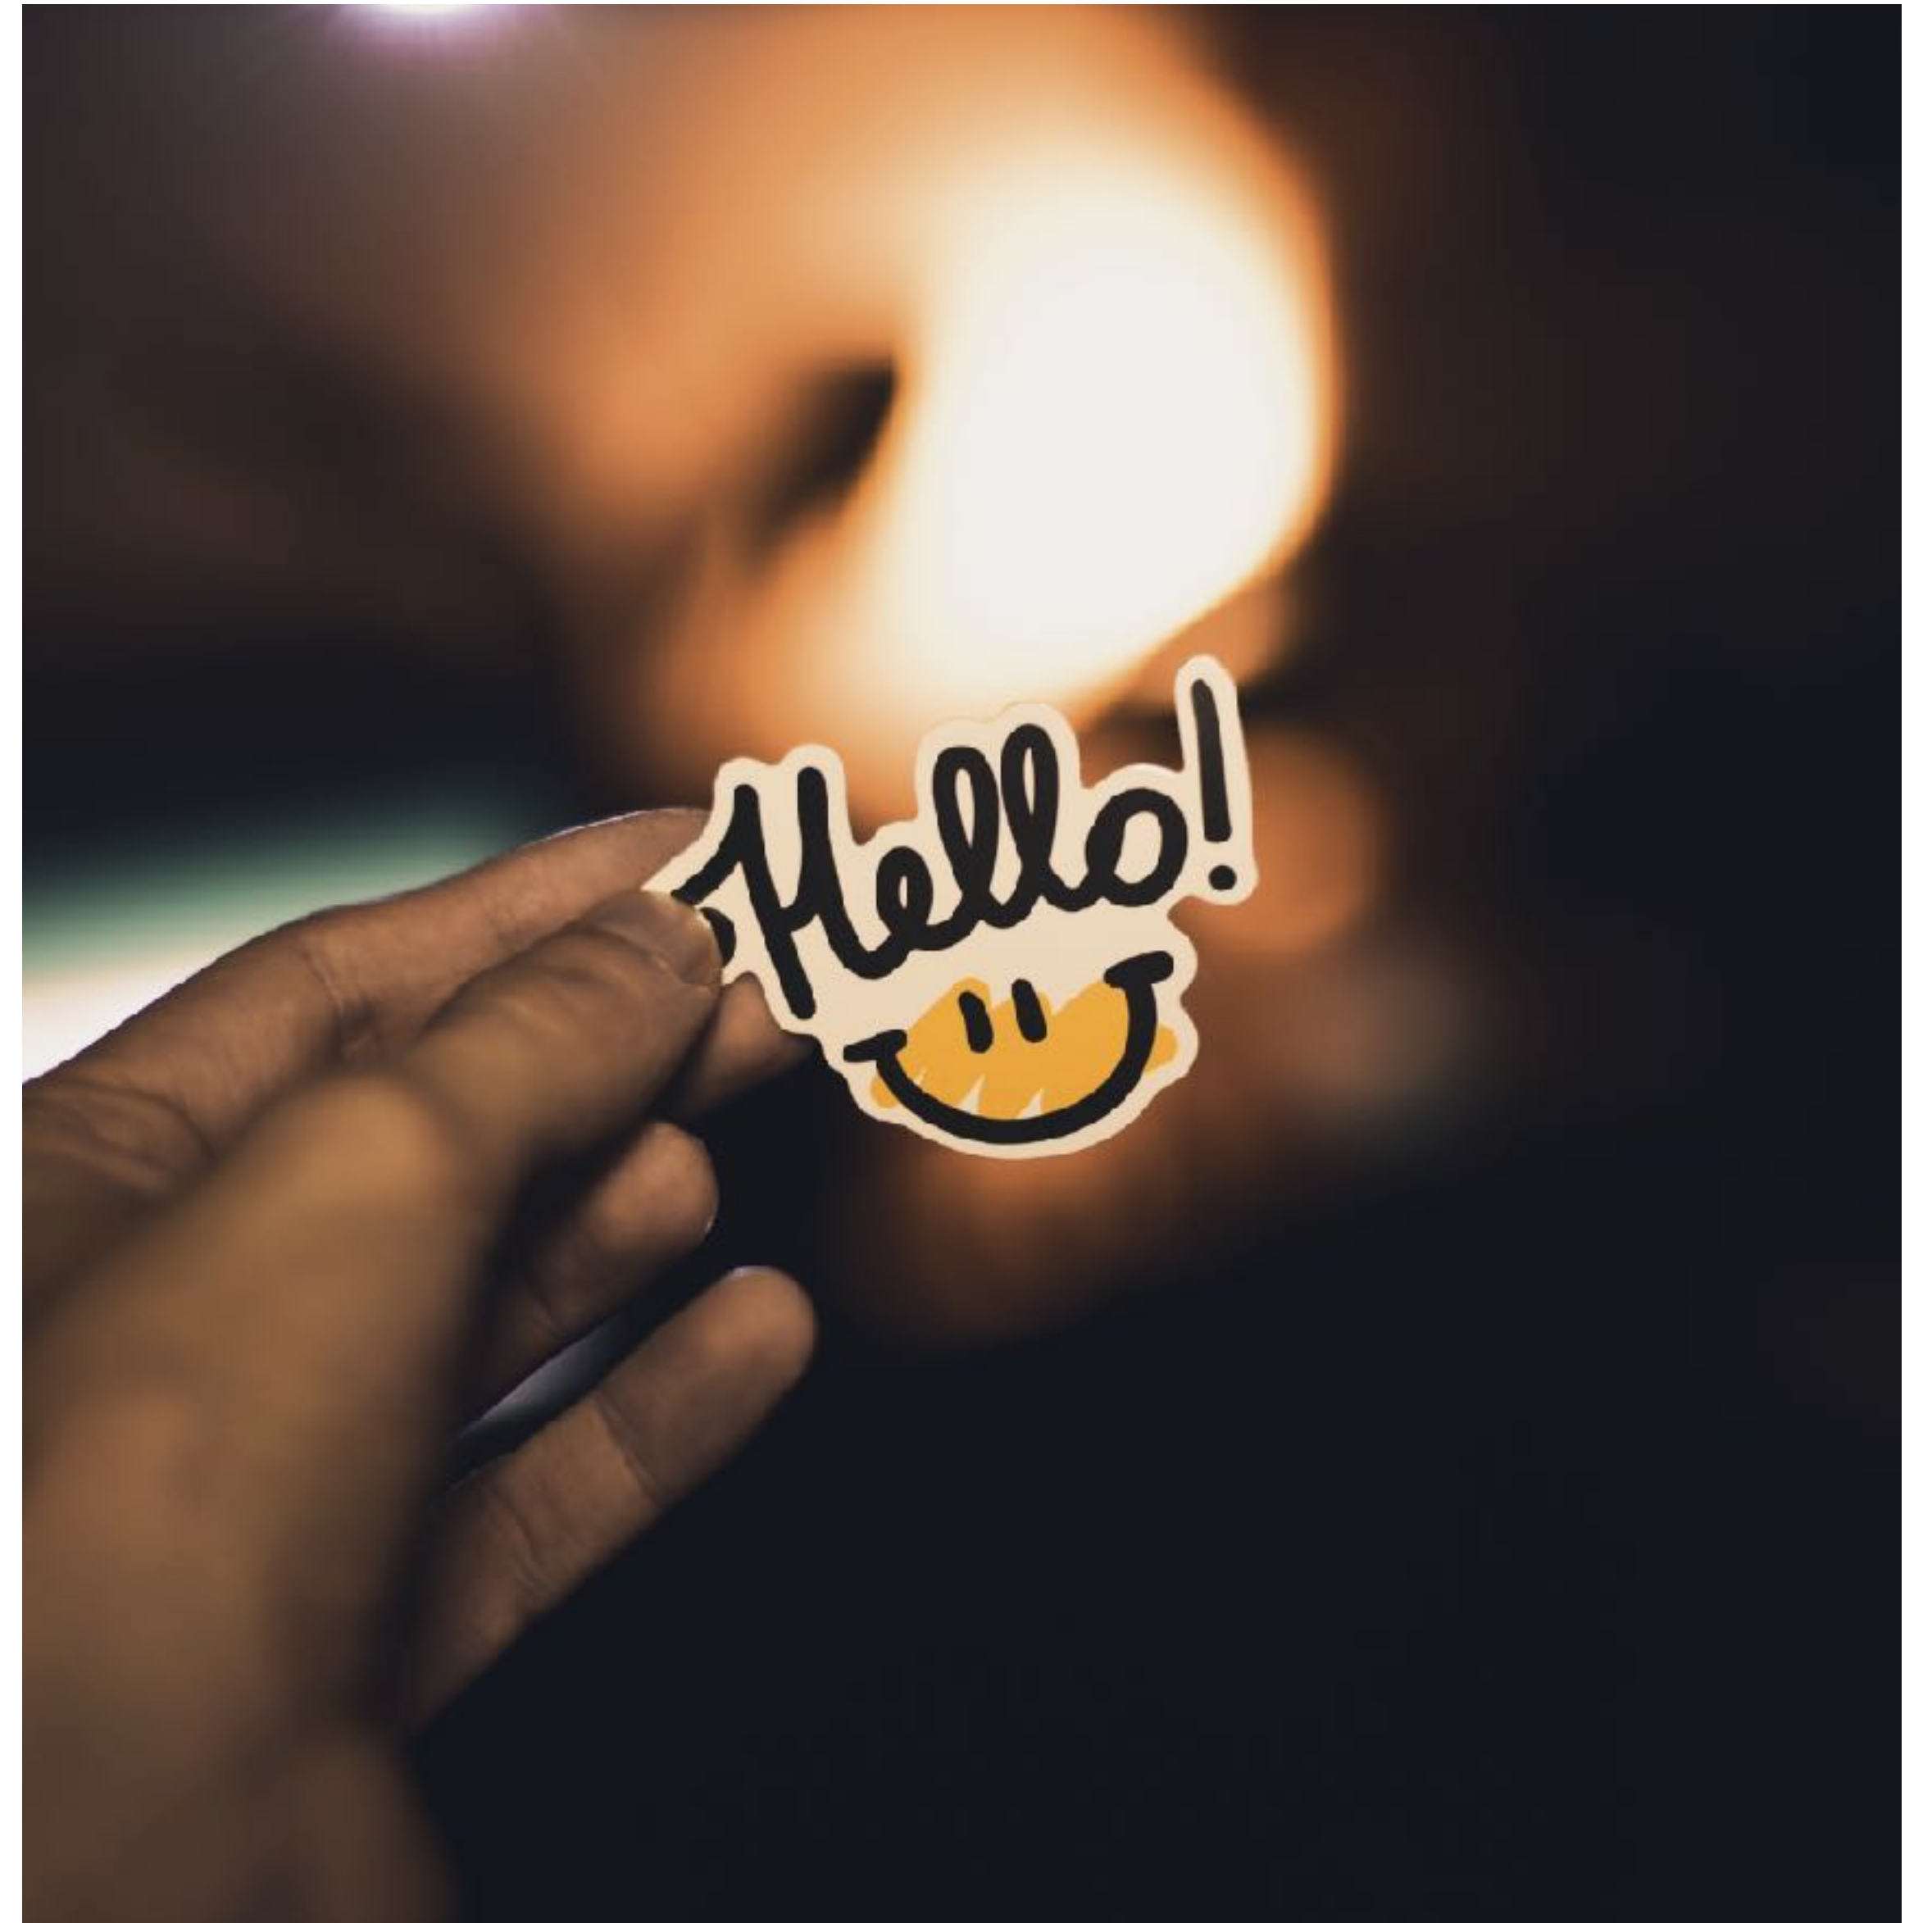

# Introductions

Please shortly introduce yourself by voice, e.g. name, msc track, country, ...

In order of the Discord voice channel participants list on the left.

# Room A: Machine Learning

10.15 - 12.00

- **Uber Ludwig**
